

CURTIN MALAYSIA INTERNSHIP & PLACEMENT FAIR 2018

5-6 September 2018

Daiken Miri has participated in the Internship & Placement Fair 2018 organized by Curtin University on 5-6 September 2018. This Internship & Placement Fair is hosted by the Department of University Life and is solely for employers to recruit prospective students and alumni candidates, while at the same time to give an opportunity for the students and alumni to meet potential employers to discuss career and internship opportunities.

This is Daiken Miri's third participation in this event. For this year, Daiken Miri has sent 5 representatives to participate in the two-day event. Throughout the whole event, students and visitors were thoroughly exposed to business activities and career opportunities in Daiken Miri. The visitors to the booth also had the opportunity to approach and get to know Daiken better. Through the fair, Daiken Miri was also able to offer internship opportunities for university students to do their internship with the company.

At the end of day 1, there was an appreciation ceremony held to thank all fellow participants to the Internship & Placement Fair. Mr. Iwashita, on behalf of Daiken Miri, was presented with a memento by Professor Jim Mieniczakowski, the Pro Vice-Chancellor and Chief Executive Curtin Malaysia as a gesture of appreciation from the organizer of the fair.
