EDUCATIONAL VISIT BY UNIVERSITY PUTRA MALAYSIA (BINTULU CAMPUS) & SARAWAK TIMBER DEVELOPMENT CORPORATION (STIDC)

8 April 2019

Recently, Daiken Miri was chosen to be the host for on-site learning by Universiti Putra Malaysia (UPM) Kampus Bintulu, Sarawak. Under this program, a tour was organized through the coordination of STIDC Miri. A total of 12 students, 3 lecturers from UPM and 5 officers from STIDC had participated in this visit, with the objective of enhancing the knowledge and give exposure to the students on timber processing industry in Sarawak.

The tour commenced with a welcome speech by Daiken's representative, followed by a video presentation on manufacturing process of MDF in Daiken Miri. A factory tour session was conducted in two groups assisted by Daiken's representative. At the end of the visit, there was also a Q&A session for the students.

Generally, the whole visit proved to be a very beneficial experience for the visitors. Even the STIDC representative also had an eye-opening exposure on Daiken Miri's operations. For Daiken Miri, being chosen as the preferred industry for site learning by a government university is indeed a great honour. Daiken Miri is looking forward for more of such opportunities to contribute back to the public and society.
