Convocation Ceremony (Commuting Safety Support Program 2018)

29th July 2019

Recently, DMR was presented with an award as appreciation for its participation in the CSSP program organized by Malaysia Institute of Road Safety Research (MIROS) back in 9th-10th July 2018. The award presentation that was held at Hotel Marriot in Putrajaya was to give recognition for those employers for participating in the CSSP 2017 and 2018 program. The purpose of CSSP being conducted is to foster good road safety management among the employers in Malaysia and also to increase the awareness and knowledge on road safety among the employees so as to lessen the accident rate for workers travelling to and from work.

The ceremony was divided into two segments. Segment 1 includes 2 presentations which were conducted by PERKESO and MIROS. Part of the program also includes sharing done by the best employers for CSSP 2017 and 2018, namely Sapura Industrial Berhad and Perusahaan Otomobil Nasional Sdn Bhd. Meanwhile, segment 2 of the event involved the award presentation ceremony itself to the best CSSP employers for year 2017 and 2018, The event ended with the singing performance by Asfan and Adam Luq, 2 famous artists from Malaysia.

All in all, the event was considered a success. DMR hopes that by participating in this CSSP program, it can help to improve road safety awareness and practices among the DMR employees
